Pinecrest Cluster Is Looking For Volunteers!

By: Pinecrest Board

The Pinecrest association is looking for individuals who are interested in becoming a volunteer for one (or more) of the many different committees/activities that are currently underway within the cluster.

Whether your interests are gardening, neighborhood security, website development, or community service there is something for everyone!

Gardening Committee

Do you have ideas about what to plant, when to plant it, and how it should be done? If so, this is your chance. You will get assistance

from the association, and you can help oversee our landscaping company to direct them in what we want done. One of the first actions of this committee will be to perform a comprehensive evaluation of all current Pinecrest Cluster gardens and their condition.

Neighborhood Watch

Neighborhood watch programs are designed to keep a community of people safe, communicative and on the same page in regards to what is going on with their community. Neighborhood watch programs are effective for a variety of reasons, including risk reduction, crime deterrent,

creating familiarity among neighbors and many others.

Neighborhood watch programs allow members to feel safer, knowing that people are actively watching for criminal activity. They feel safer communicating about concerns and problems, helping them feel more secure in their home.

Website Committee

The goal is to help disseminate information among residents that can, in turn, make Pinecrest a more closely-knit neighborhood. If you would like to help, or have information you would like to see on this website this is the committee to join! You do not need to have computer skills, only the desire to let

Pinecrest Communications

By: Pinecrest Board

Pinecrest Cluster recognizes that every resident has the right be informed. In today's electronic age, the fastest way to achieve this goal is often through e-mail.

If you would like to stay connected with community issues, concerns and events please send an e-mail to:
dave@pinecrestcluster.org

Your name will be added to a community e-mail distribution list that will allow you to stay up to date on everything that is happening within the cluster!

Court Representatives

Managing a community of over 200 units is not a one person job. Due to the large size and diversity of the Pinecrest Cluster it would be helpful to have Court Representatives from each street to promote the issues and concerns of its residents.

Court representatives would work directly with the board, attend meetings, develop solutions and then communicate this information back to their neighbors.

Home Repair Services

By: Pinecrest Board

Do you know someone who can perform high-quality repair services...are you that person?! If so, we want to know!

Beginning shortly, the Pinecrest Cluster website (www.pinecrestcluster.org) will begin posting references for high-quality, first-rate repair services.

This could include, but is not limited to, home, auto, cleaning and landscape repairs.

Be sure to bring this information to the annual meeting on October 27th and we will begin creating a list for all residents to reference when they need a handyman.
